

McCarthy Care Center

Phantom's retractable door screens chosen for care center in Sandwich, MA

“When the door screens are not in use, they completely disappear out of sight, preserving the look of the doorway.”

- LOCATION:** Sandwich, Massachusetts
- PRODUCT:** Phantom Professional™ retractable door screens
- MESH TYPE:** Fiberglass 18/14 mesh
- NEED:** To follow health regulations, the McCarthy Care Center needed to install screens on their residents' doors that opened to the outdoors. It was important the screens provided natural ventilation and insect protection without blocking sunlight or views to the outdoors.
- SOLUTION:** To solve their problem, the care center chose Phantom's retractable door screens with Phifer's 18/14 insect mesh. The residents can now enjoy fresh air and outside views without having to worry about the bugs.

OVERVIEW

McCarthy Care Center in Sandwich, Massachusetts provides short-term care for patients who cannot be safely cared for at home. The Center's beautiful home-like rooms provide a comfortable environment for patients and their families. To follow health regulations, the Center needed to install screens on any residents' doors that opened to the outside. The screens needed to provide natural ventilation and insect protection while still letting in daylight.

Phantom's retractable door screens were installed and open onto a private deck of the resident's rooms. They now have easy access to fresh air and daylight without having to worry about unwanted bugs. When insects aren't a problem, the screens can retract out of sight for clear views to the outside.

APPLICATION HIGHLIGHTS

Enjoy the breeze without the bugs

The most commonly used insect screen, Phifer 18/14 insect mesh, lets in the breeze while keeping out pesky bugs.

Easy closure with magnet latching system

The original retractable door screen by Phantom Screens that uses a magnet latching system.

Complements any doorway

When insect protection is not required, the screens are retracted into their protective housings for a clear view through the double-French glass doors.
